## **BLOCK PARTY**

We had a great turn out for our annual Block Party and are already looking forward to next year. Shout out to all of our wonderful community partners and volunteers for making this event so special!

## **PROJECT HIGHLIGHTS**

Since our last newsletter, **12 new bike racks** were installed and 38 light pole banners now surround Friendship Park and line our business corridor along Linden and Broad.

- 3 neighborhood crosswalks now include painted bump outs to assist pedestrians in safe crossing.
- <u>Friendship Park</u> is moving into the next phase of the project! The City of Bethlehem has hired HRG to develop a complete set of construction documents based on the conceptual design.

Full details on Northside Alive projects can be found under the **Projects** section of our website.

This newsletter serves to notify the community about events and investments in the City's Northside 2027 HUD-designated Neighborhood Revitalization Strategy Area (NRSA). NRSAs are intended to revitalize a targeted neighborhood by encouraging a coordinated approach through comprehensive place-based community development efforts.
